

DIRECTV® HIGH-DEFINITION RECEIVER/HDTV TUNER

SIR-TS160

The SIR-TS160 DIRECTV High-Definition Receiver/HDTV Tuner is a one-box wonder. Built upon Samsung's, award-winning HDTV tuning technology, this powerful receiver not only provides access to over 225 digital-quality audio and video channels from DIRECTV in both Standard and High Definition (HDTV), but also brings you, available, free, off-air HDTV local broadcasts, with the simple addition of an antenna. HDTV offers the ultimate life-like TV experience, with strikingly detailed images coupled with crisp digital sound!

The TS160 brings this to you in one seamless operation...Whether programs are broadcast over satellite or antenna, you'll never know since the TS160 integrates them both, analog and digital, into one easy to navigate, fast, program guide! You'll simply click channel-to-channel rather than input-to-input! Never before has access to so much HDTV content been so simple to get.

Above and beyond its unmatched performance, the TS160's versatile connection options, including the industry's first truly digital one...DVI with HDCP, allowing for connection to virtually all HDTV's on the market and those yet to come.

- All-in one HDTV Tuner – DIRECTV® programming and Terrestrial
- Based on Samsung's award winning ATSC tuning technology
- Tunes and decodes all 18 approved ATSC Digital TV broadcast formats
- Industry first DVI with HDCP, fully digital output

Design and specifications are subject to change without notice. Non-metric weights and measurements are approximate.

ACTIVATION OF PROGRAMMING MAY BE SUBJECT TO CREDIT APPROVAL AND REQUIRES VALID SERVICE ADDRESS, SOCIAL SECURITY NUMBER AND/OR MAJOR CREDIT CARD. DEPOSIT OR PREPAYMENT MAY BE REQUIRED. Programming subject to change. You must be physically located in the U.S. to be a DIRECTV customer. DIRECTV services not provided outside the U.S. DIRECTV programming is sold separately and independently of DIRECTV System hardware. A valid programming subscription is required to operate DIRECTV System hardware. Activate your DIRECTV programming today at 1-800-DIRECTV (1-800-347-3288).

DIRECTV Multi-Satellite Receiver: With this receiver and the proper satellite dish antenna, you may be able to subscribe to local channels from DIRECTV in certain areas. Additional equipment may be required in some markets. Check with your retailer or visit DIRECTV.com for information on availability of local channels from DIRECTV in your area. Eligibility for local channels based on service address within certain designated market areas as defined by Nielson Media Research, Inc.

Residents of Alaska and Hawaii: The Samsung SIRTS70 DIRECTV Multi-Satellite Receiver will require a larger dish antenna (not included) to receive DIRECTV programming. Signal reliability and performance will be susceptible to degradation, especially during adverse weather conditions. Check your local dealer or installer for information on larger antennas, which may result in better performance and compatibility with the Samsung SIRTS70 DIRECTV Multi-Satellite Receiver.
